

USPAP Q&A

Vol. 9, No. 8

August 2007

The Appraisal Standards Board (ASB) of The Appraisal Foundation develops, interprets, and amends the Uniform Standards of Professional Appraisal Practice (USPAP) on behalf of appraisers and users of appraisal services. The USPAP Q&A is a form of guidance issued by the ASB to respond to questions raised by appraisers, enforcement officials, users of appraisal services and the public to illustrate the applicability of USPAP in specific situations and to offer advice from the ASB for the resolution of appraisal issues and problems. The USPAP Q&A may not represent the only possible solution to the issues discussed nor may the advice provided be applied equally to seemingly similar situations. USPAP Q&A does not establish new standards or interpret existing standards. USPAP Q&A is not part of USPAP and is approved by the ASB without public exposure and comment.

Requirement for Signing Reports

Question:

What is the USPAP requirement regarding signing a report?

Response:

USPAP requires that each written report include a signed certification. Although most written reports include the appraiser's signature on the report or a letter of transmittal, this is not required by USPAP. However, an appraiser who signs any part of the report must also sign the certification. For an oral report, USPAP requires that a signed and dated certification be part of the workfile.

Signing Digital (Electronic) Reports

Question:

What is the USPAP requirement for signing a digitally created (electronic) report?

Response:

The requirement for paper (hard copy) and digital (electronic) reports is the same. The appraiser must include a signed certification with each report.

Changing the Certification**Question:**

Must the certification be exactly the same as that presented in USPAP? May an appraiser add items to the certification?

Response:

USPAP states that the report must contain a signed certification that is **similar** in content to the form provided in the Rules related to reporting. An appraiser may modify or add to the certification as necessary. For example, the names of appraisers providing significant appraisal assistance who do not sign the certification should be stated in the certification. There are also certification requirements in some jurisdictions for real property appraisal certifications and licenses as well as requirements related to membership in a professional association. Clients, intended users, and the intended use may also require additional certification items.

Appraisers using preprinted appraisal forms should be aware that clients and client groups may prohibit altering the preprinted certification used in assignments performed for them, but any such prohibition is not contained in USPAP.

Competency Statement in the Report**Question:**

Does USPAP require an appraiser to include a “competency statement” in all reports?

Response:

No. USPAP does not require that an appraiser provide a statement of competency in all reports. Only when the appraiser accepts an assignment with a lack of knowledge and/or experience does the COMPETENCY RULE require the appraiser to describe the lack of knowledge and/or experience and the steps taken to complete the assignment competently in the report.

The USPAP Q&A is posted each month on The Appraisal Foundation website (www.appraisalfoundation.org). The ASB compiles the monthly USPAP Q&A into the USPAP Frequently Asked Questions (USPAP FAQ) for publication with each edition of USPAP. In addition to incorporating the most recent questions and responses issued by the ASB, the USPAP FAQ is reviewed and updated to ensure that it represents the most recent guidance from the ASB. The USPAP Frequently Asked Questions can be purchased (along with USPAP and USPAP Advisory Opinions) by visiting the "Foundation Store" page on The Appraisal Foundation website (<https://commerce.appraisalfoundation.org>).
